DECLARATION OF JOHN HARRIS

Mail Stop PCT
Commissioner for Patents
PO Box 1450
Alexandria, VA 22313-1450

Dear Sir:

I, John Harris, being duly sworn and having knowledge of the facts set forth herein, depose and say that:

1. I am a Canadian patent attorney representing AlphaGlobal IT Inc., a Canadian company.
2. On December 12, 2005 I sent a letter to Mr. Homayoun Najjaran by Registered Mail, in which the following items were enclosed:
 - i. a complete copy of the above-identified patent application including specification, claims, abstract and drawings; and
 - ii. a Declaration and Power of Attorney form for Mr. Najjaran's signature.
3. In my letter, copy attached as Exhibit 1, I requested Mr. Najjaran to review the entire application, and then to execute and return the Declaration and Power of Attorney form to me, by fax or mail, no later than January 23, 2006.
4. On January 25, 2006, I received back the letter I sent to Mr. Najjaran marked "Return to Sender." A copy of the front of the returned envelope, in which my letter and the above documents were enclosed, is attached hereto as Exhibit 2.
5. Also attached, as Exhibit 3, is a page printed from the Canadian Post

Office website, www.canadapost.ca, showing the history of this envelope and its contents while in the custody of the Canadian Post Office. As seen in Exhibit 3, delivery was attempted on December 21, 2005. Failing delivery, a card was left at the delivery address providing instructions for picking up the envelope at the local post office. The envelope and its contents were then returned to the local post office to await pick-up as a "carded item," referring to the card left at the delivery address.

6. As also seen in Exhibit 3, on January 24, 2006, over one month after delivery was attempted and the card was left, the envelope still had not been picked up at the post office. The next day, the envelope was returned to me as undeliverable.
7. Mr. Najjaran's failure to pick up the package, and consequent refusal to join in the present application, was not unexpected. His employment with AlphaGlobal IT Inc. had already been terminated, and through information and belief he had become hostile toward the company.
8. I hereby declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under 18 U.S.C. § 1001, and that such willful false statements may jeopardize the validity of the present application or any patent issued thereon.
